FRIENDLY REMINDER to residents that the fees charged for roads, trash, water, sewer, and the mailstop are assessed and applicable to all residents. In accordance with Title 32, Article 1, special districts have various financial powers, including, but not limited to, the powers to tax and/or assess fees for services. When some residents choose which fees they refuse to pay, it puts an undue burden on the others that pay their fees responsibly. Similar to fees charged by the county or state, citizens cannot select which taxes or fees they will not pay. Any past due fees are subject to a 2% late fee charge and subject to lien after 60 days. Our thanks and appreciation to those FLMD residents who pay all the assessed fees.

happy fall...
