

# FL Metro News

NOVEMBER 2018

FLMD MEETINGS ARE AT 1:30 P.M., SECOND TUESDAY OF THE MONTH

## FLMD BUDGET PUBLIC HEARING

Every year an annual budget is prepared for FLMD. In October a draft budget was presented to the FLMD Board of Directors and a notice was posted in the newspaper, as required. A copy of the draft budget is posted on our website for you to review.

A summary is included that explains the 3 different funds and any upcoming projects we plan. If you have any questions about the budget, please submit your question in writing or contact Brian Sheffield, District Manager at 970-884-2925. A public hearing will be held on November 13, 2018 at 1:30 p.m. to review the budget.

**Any "CLINIC" or meeting being held prior to the Public Hearing is not affiliated with FLMD.**

## TRASH GATE

*We are close to finalizing everything for the new gate system. We are waiting for the last of the fobs to be delivered and need to complete some training.*

- We will post a notice at the mail stop, on our website and dumpsters letting everyone know when fobs will be distributed.
- Only 1 fob will be issued to each household at this time.

## WILDFIRE ADAPTED PARTNERSHIP

FireWise is now officially Wildfire Adapted Partnership as well as being recognized as its' own 501(c)3 non-profit organization. Once materials are available, they will be posted at the mailboxes.

As we go into the winter, snuggled in our warm homes, let's start to think about next spring/summer and fire mitigation. Here is a great article with specific examples of fire mitigation that worked during fires across the country this past summer.

<https://fireadaptednetwork.org/does-wildfire-mitigation-work-16-examples-and-counting/>

I personally want to thank everyone that has put effort into mitigating and making our neighborhood safe for all.

Happy Shoveling everyone and have a safe winter!

One of your fire gals, Dawn Engler.

## FL BUS SHELTER

We thank Josh with "My Guys Contracting" and DJ with "DJ's Pro Painting" for the nice job on the bus shelter. Looks Great!

## WINTER PLANNING

- Did you disconnect your hose from your outside faucet?
- Have your snow shovels and snow rakes handy?
- Have you started your snowblower or plow to make sure everything is running? Or contacted someone for snow removal?
- Do you have snow or all terrain tires on your vehicle? If you don't have front wheel or 4 wheel drive, do you have cables or chains?
- When emptying ashes from a wood stove, use a metal container. Also, please dump ashes in ASH BARREL not the dumpster or brush pile.
