

FOREST LAKES METRO

March 2019

FLMD MEETINGS ARE AT 1:30 P.M., SECOND TUESDAY OF THE MONTH

FLMD Manager Resigns – We thank Brian Sheffield for his time at Forest Lakes Metro District. Brian took a position with the So. Ute Tribe and we wish him the best. During Brian’s tenure he helped improve the bus stop, mail stop, signage, and the trash area (gates), and crushed rock. He was instrumental in updating some of our plows and equipment, the SCADA system, meter reader, website and improving our transparency. On behalf of the employees, we sincerely thank Mr. Sheffield for his service as FLMD Manager.

The FLMD Maintenance crew would like to say THANK YOU to all of the residents who provided them with food and drinks during the snow storm. They’d like to also thank those of you who have been patient and understanding about the snow removal process. At times it can seem like the plow comes around too often and then other times it’s not often enough. However, please have mercy on the plowdriver - when they get done cleaning up FL they have to go home and move snow at their homes.

With the spring snow coming, the snow will be much wetter, which will create more pot holes. The crews will address the potholes but on occasion it may require that the roads dry up some.

Board President, Rich Hillyer resigned at the February FLMD Board meeting. We thank Rich for his many years of service to FLMD and wish him the best.

The board welcomes newest member Robin Kissell.

TRASH HOURS- Beginning April 1, 2019 the trash hours will be extended on Monday and Saturday evenings. The hours will be as follows:

MON	TUES	WED	THUR	FRI	SAT
7:30 am - 6:45 pm	7:30 am - 3:30 pm	6:30 am - 3:30 pm	7:30 am - 3:30 pm	7:30 am - 3:30 pm	8:00 am - 5:00 pm

*Please note extended times in red

*The Extended Monday hours will be from April 1 – November 1

SNOW REMOVAL

Living in Colorado and in FL certainly requires that you own a snow shovel, snowblower or plow and a vehicle with front wheel or 4 wheel drive. Adequate tires and slower speeds will make driving safer!

DO NOT park on the road, right of ways, or block your driveway during a snow storm. If your vehicle is damaged, we will not be held responsible.

During a snow storm, the plow may come by 2 or 3 times unfortunately creating a snow wall (berm) each time. YOU are responsible for clearing the snow wall in front of your driveway. After the storm is over and if FLMD crews are cutting pack or pushing walls back, they will clean up a newly created berm.

If you push snow across the road – PLEASE CLEAN UP the snow you left on the road! That snow freezes and can cause an accident which could make you liable.

The 25’ front set back on your property is used for snow storage. The snow wall will be pushed back on your lot, please do not store items in this area.
